

GERMANS PUT FORTH
GIGANTIC EFFORTExtent of Struggle Has
Never Been Approached
in History of War

CLAIM GREATER ADVANCE

Teutonic Allies Cross Wisloka
River and Attempt Advance
on Libau and Riga

CLAIM SUCCESSES IN WEST

London, May 6.—(10:20 p. m.)—The Germans, in concert with their Austrian allies, are putting forth an effort, the extent of which has never been approached in the history of war. Throughout virtually the whole length of the eastern front they are engaged with the Russians, while in the west, in addition to their attacks around Ypres, they are on the offensive at many points. At other points they are being attacked by the French, British and Belgians.

Attempt Advance on Libau.

Far up in the Russian Baltic provinces, heretofore untouched by the war, the Germans are attempting to advance toward Libau and Riga; on the east Prussian frontier they are engaged in a series of battles and with a big gun are bombarding at long range, as they did Dunkirk, the Russian fortress of Gronow; in central Poland they have had to defend themselves against a Russian attack; in western Galicia they are attempting with all their strength to smash the Russian flank and compel the Russians to abandon the Carpathian passes, which they gained at such cost during the winter. In the western Galician battle the Germans claim to have made a still greater advance and to have crossed the Wisloka river, which is well to the east of Dunajec river, which until a few days ago formed part of the Russian front, and to have put their hands firmly on Dukla Pass.

Take 40,000 Prisoners.

In conjunction with this attack from the west the Austrians are attempting to drive the Russians from Lupkow Pass, further to the east and with success, according to the German account. In all the Germans claim to have taken 40,000 Russian prisoners since the offensive was undertaken last Saturday night. The Austrians put the number at more than 50,000 and express the belief that the whole Russian third army will be destroyed. These reports show that the Austro-German blow is meeting with the greatest success on the northern slopes of the western Carpathians, for towards the upper Vistula the Russians appear to be in their old positions.

Despite the claims of the Austrians and Germans the Russian representatives in the European capitals reiterate that victory has been greatly exaggerated and the public is waiting to hear what Grand Duke Nicholas, commander-in-chief of the Russian forces, has to say about it. The Germans also claim a series of successes in the west. The report that they are continuing to make progress southeast of Ypres, which, however, is hardly borne out by Field Marshal French, who says that the British have recaptured more of the trenches which they had lost on Hill Sixty and that fighting is still progressing in that neighborhood, while elsewhere the Germans have shown no disposition to attack.

To Make Determined Effort.

There are reports that the Germans are about to make another determined effort to take Ypres, which is considered the key to the French coast ports. The Pall Mall Gazette says this evening:

"It is folly to say that Ypres has more of political than of military importance", and adds: "The Germans would be more encouraged by success at Ypres than by anything since the fall of Antwerp. If such an event occurs we must instantly recognize it and admit it to be a defeat and a grave one. In place of a party cabinet, a national ministry ought then to be formed and a new military levy made. Happily there is yet no need to anticipate a retreat from Ypres, much less a German march to Dunkirk and Calais."

Other German claims relate to successes in the Woerwe where the Germans say in an attack along the northern side of the St. Mihiel wedge, they took upwards of 2,000 prisoners and that they repulsed French attacks on the southern section of the wedge near Flirey. This as usual during the last few weeks, entirely disagrees with the French account of the actions.

Tells of Dardanelles Operations. Of the operations in the Dardanelles up to Sunday Premier Asquith gave the house of commons some news this afternoon, although the number of troops landed was withheld.

JURY RETURNS VERDICT IN FAVOR
OF MRS. CAMPBELL AND DAUGHTERVerdict Declares Mrs. Burkhart to
Be Daughter of James Campbell
and entitled to Half His Estate.

St. Louis, May 6.—A unanimous verdict in favor of the defendants in the Campbell will case was returned by the jury here tonight. The verdict declares that Lois Campbell, now Mrs. Elzey Burkhart, to be the daughter of James Campbell and therefore entitled to half of his \$16,000,000 estate willed her by Campbell.

L. L. Otfory, attorney for the contestants, tonight announced he had asked for a grand jury investigation into the conduct of the trial. He said that he had laid before the circuit attorney evidence of the intimidation of the plaintiffs' witnesses.

"If I go before the grand jury I will impart some startling information," he said.

Otfory said he would not appeal for a rehearing, but would file a new suit for a new heir to the estate he claims to have found. The court room scene which followed the reading of the verdict in favor of Mrs. Campbell and her daughter was almost unparalleled in the present generation's memory of local trials.

PRESENT COST ACCOUNTING
ANALYSIS AT RATE HEARINGFigures are Introduced by F. H. Millard,
Specially Employed in the
Case by the Interstate Commerce
Commission.

Chicago, May 6.—A cost accounting analysis based in part on the value of the commodity shipped was presented today before W. M. Daniels, interstate-commerce commissioner in the western freight rate hearing as a method of determining equitable freight rates. The figures were introduced by F. H. Millard, formerly with the Wisconsin railway commission and specially employed in the present case by the interstate commerce commission. Mr. Millard's method provided a carrier's profit related to the value of the commodity hauled, added to the bare cost of the service and his exhibit was introduced as an independent analysis at the request of the commissioner after various cost accountants had presented conflicting methods for determining cost of shipment.

PROSECUTION BRINGS NEW
EVIDENCE IN CARMAN TRIAL

MINNEOLA, N. Y., May 6.—The prosecution in the case of Mrs. Florence Conklin Carman, on trial for the second time for the murder of Mrs. Louise D. Bailey, brought forward new evidence today in corroboration of Celia Coleman, a negro maid in the Carman home who has been the state's chief witness in the two trials, the first of which resulted in a disagreement. Celia herself supplied new testimony in continuation today of her examination as a witness against her former mistress, when she declared she had been offered \$200 to change the story she had told at the first trial. Celia said the offer was made to her by a negro detective named Hicks. Mrs. Carman's lawyer admitted that Hicks was in the employ of the defense. Celia said Hicks told her Mrs. Carman would give her the money.

COMMITTEE REPORTS SOME
PROGRESS TOWARD SETTLEMENT

CHICAGO, May 6.—The city council committee appointed to aid in settling the wage dispute in the building trades met today with the striking carpenters and with their employers who have declared a lock-out and at the end of the day said they had made some progress toward a settlement. They will meet again tomorrow.

Governor Dunne announced that the state board of arbitration will not interfere and will delay calling any public hearings until the council committee has exhausted all its means of a settlement.

FIND HUMAN SKELETONS.

Ottawa, Ill., May 6.—While excavating for a new building at Marshall today workmen discovered two human skeletons covered with lime in an abandoned vault. The authorities started an investigation.

As 20,000 were landed the first day and the disembarkation continued for a week, while the French have also joined the British and Australasians on the Gallipoli peninsula, it is apparent that the force is a formidable one.

The premier, while issuing a warning that the casualties were heavy, paid a glowing tribute to the troops, through whose exertions considerable progress towards the narrow has been made.

An Athens despatch says that the Turks have again been defeated. Petrograd dispatches report that further defeats have been inflicted on the Turks on the Turco-Persian frontier, near Dilman and near Oldi, on the Caucasian border.

FIFTEEN PERSONS ARE
KILLED IN TORNADOMORE THAN TWO SCORE ARE INJURED
IN SOUTHERN LOUISIANAFirst Reports of Disaster are Received
at Jennings When Messenger
Arrived With an Appeal for Medical Aid.

Jennings, La., May 6.—Fifteen persons were killed and more than two score injured by a tornado late tonight which passed through the western part of Acadia parish, in southern Louisiana. Of the known dead, Adam Thibodeaux, killed on a farm near Mermenethau, was the only white person to lose his life. The others were negroes.

Nine negroes were killed and 25 persons injured in the vicinity of Mermenethau. One of the injured, Joann Broussard, a white planter, crushed when his home collapsed, probably died.

At Egan, five negroes were killed and two score persons injured. The dead included a woman and child.

The tornado hit the parish about three o'clock but as all wires were blown down it was several hours before news of the disaster reached here. First reports were received when a messenger arrived with an appeal for medical aid. Four physicians and several nurses immediately left for Mermenethau.

When reports of the disaster reached Iota, a station on the Egan branch of the Southern Pacific, a passenger train was turned back to Egan with physicians, nurses and a large party of volunteers.

Rescue parties tonight were visiting all parts of the stricken district to ascertain the damage and to aid the residents in the outlying territory many of whom are believed to have been injured.

Kansas City, Mo., May 6.—General rains which began last night over the central west continued through the greater part of today. Oklahoma, Northern Texas, Kansas, Arkansas, Iowa and Nebraska received from one to two and one half inches of rain.

Snow fell at several places in western Kansas, eastern Colorado and north into Nebraska.

The temperature tonight continues low and killing frosts have been predicted over a large part of the section covered by the storm from Kansas north.

Northern Oklahoma was visited by a severe windstorm early today. Three persons were injured at Ardmore and fifteen houses reported wrecked at Joiner City. Other points also reported heavy damage.

DIVER LOUGHMAN WILL BE
TAKEN TO SAN FRANCISCO

HONOLULU, T. H., May 6.—Diver W. F. Loughman, who nearly lost his life April 17th when, while at the bottom of the ocean at work on the sunken submarine F-4, his life line became fouled in the wreckage, was placed on the United States transport Sheridan today to be taken to San Francisco. He is still suffering from the effects of his four hours submersion at a depth of 220 feet.

The work of trying to raise the F-4 is being continued. Renewed sweeping operations are in progress with a view to fastening new lines to the submarine.

BOTH OCCUPIES IMPORTANT
RAILWAY JUNCTION OF KARIBIB

CAPE TOWN, May 6.—via London, May 7.—(12:15 a. m.)—The following official statement was issued today:

General Botha has occupied the important railway junction of Karibib and other stations (German Southwest Africa). He expects to occupy Windhuk very soon. Large quantities of rolling stock, including seven locomotives, were taken at Karibib.

"The town was occupied after a forced march of 45 miles over a waterless waste, under conditions of heat, thirst and hunger, which called for the greatest resolution and grit."

POPE APPEALS FOR
AID FOR COLLEGE.

New York, May 6.—Pope Benedict XV. has sent an autograph letter to the Right Rev. Charles P. Grannan, D.D., member of the Pontifical Biblical Commission, and Professor Emeritus of the Catholic University at Washington, D. C. The letter, which is in Latin, is an autograph in the sense that it is signed by the pontiff himself and not by any of his officials. It contains an appeal for aid from the Catholics of the United States for the Collegio Pio Latino at Rome.

Dr. Grannan has just returned from Europe where he was detained eight months by the war and by sickness caused by the war.

TO RE-INSTATE KAUFF.

French Lick, Ind., May 6.—Benny Kauff will play with the Brooklyn Federals beginning May 8th, according to an announcement made here tonight by James A. Gilmore, president of the Federal League. Kauff, who was suspended recently after he attempted to jump to the New York Nationals, will be reinstated on Saturday, Gilmore said.

War News Summarized

Reports from Vienna and Berlin continue to assert that the Austro-German offensive against the Russians in the Carpathians is continuing with success. The latest communications declare that the Muscovites now have been driven eastward past the Dukla Pass and across the Wisloka river and that their retreat is continuing.

Dukla Pass, where savage battles ensued throughout the winter campaign, has been taken by the Teutonic allies, Vienna says, and likewise the town of Dukla, while to the northward, across the mountain range the important town of Tarnow, taken by the Russians in the winter, has been recaptured.

Germany's recent claims to various successes on the western front including that of a forced evacuation of French positions in the Alby wood, with heavy losses in dead, and the capture of two thousand Frenchmen, are vigorously denied in a French war office communication.

Japan has sent an ultimatum to its legation in Peking for delivery to China demanding that all of Japan's twenty-four demands on China be granted. The United States government, through Secretary of State Bryan has issued a statement explaining the position of the United States government with regard to the China-Japanese dispute. It reiterates the government's adherence to the open door policy and the maintenance of the territorial integrity of China. The United States hopes the negotiations between the two countries will be satisfactorily settled and thus contribute "to the peace of the world", the statement says.

DR. RONALDS IS ACQUITTED
OF THE MURDER OF HIS WIFEJudge Orders Verdict of Not Guilty
and Release of Prisoner After
State Completes its Case.

MATTOON, Ill., May 6.—Dr. H. E. Ronalds today was acquitted of the murder of his wife, Judge McNutt ordering a verdict of not guilty and the release of the prisoner after the state had completed its case. The judge in his remarks from the bench said that Dr. Ronalds' physicians license ought to be taken away from him, because he failed to administer medicine to his dying wife, Alice.

The testimony adduced showed that Mrs. Ronalds was found dying New Year's eve from the effects of alcohol and drugs. Two servants of the family were also affected similarly to Mrs. Ronalds, but they recovered. Dr. Ronalds said that his wife had committed suicide with poison and a chemical analysis of her viscera in Chicago showed that she had swallowed poison.

It was contended by the prosecution that Dr. Ronalds had given his wife a drug during an orgy, but there was no direct proof of the charge. Judge McNutt said the only thing shown against Dr. Ronalds was that he neglected to give his wife medical aid while she lay dying. For this he could not be prosecuted, the court said, and Dr. Ronalds was ordered released.

FIND BODY OF MISS MARION
FARWELL AT BOTTOM OF RAVINESearch Instituted by Trained Nurse
Who Missed Young Woman
Results in Finding Body.

Chicago, May 6.—The body of Miss Marion Farwell was found today at the bottom of a deep ravine which marked the boundary of the Lake Forest estate of her father, Francis Farwell, treasurer of the John V. Farwell Drygoods company.

The young woman had been in ill health and only yesterday returned home from Tryon, N. C., where she had spent the winter. A trained nurse who had been in attendance on the young woman missed her and the search which was instituted resulted in the finding of the body.

The ravine was 65 feet deep and was spanned by a bridge which connected the Farwell estate with that of Cyrus McCormick, president of the International Harvester Company. Miss Farwell was reported recently to be engaged.

ROOSEVELT DENIES INTERVIEW

Syracuse, N. Y., May 6.—An alleged interview with Theodore Roosevelt today was denied by the former president tonight. Mr. Roosevelt declared that he had made no statement on the war to any persons that has not been printed in magazine articles or books written by him.

Gabriel Alphonse, who claims to have interviewed Colonel Roosevelt recently printed in the Temps what purported to be an interview with President Wilson which the president promptly denied having given.

BREAD AND SEED
GREATEST NEEDS

New York, May 6.—Bread for the Polish women and children and seed for the Polish farmer are the greatest needs of that nation at this time, according to Ignace Jan Paderewski, the pianist, who is here for the purpose of organizing a committee of prominent Americans for relief of Polish war victims.

PRACTICALLY KILL ALL
DRY BILLS IN SENATEDEFEAT THREE RESOLUTIONS CALL-
ING MEASURES OUT OF COMMITTEECounty Option Bill is the Only One
of the "Dry" Measures Now Con-
sidered Alive—Spiritualists Pro-
test Against Measure.

Springfield, Ill., May 6.—Declaring that the same measures already had been killed by the house and that the only reason for bringing them up in the senate was the desire of the "drys" to obtain record votes for campaign purposes, the "wets" today succeeded in practically killing all dry legislation in the senate, with the exception of the county option bill.

In view of yesterday's slaughter of all wet and dry bills in the house, including the county option bill, today's action by the senate was taken by legislators to mean that all hope for the passage of any wet or dry legislation at this session had completely disappeared. Asserting that an effort was being made to defeat their measures by holding them in the senate license committee an unnecessary length of time, the "drys" today called up resolutions providing that their bills be withdrawn from the committee and placed before the senate for action.

The "wets" succeeded in defeating three or four such resolutions. The resolutions defeated provided for the calling out of committee of the search and seizure, the residence district and the anti-shipping bills. Action of the senate in refusing to withdraw the measures was considered equal to the defeat of the bills, as they probably will be permitted to die in committee. A motion to table the resolution calling out the county option bill failed of passage and that measure is the only one of the dry bills now considered to be alive. Strenuous efforts will be made by the drys to bring this bill to a roll call in the near future.

Spiritualists Enter Protest.

Arguing that whatever takes place in a supernatural world cannot be brought under the domain of the law and that unless they practice fraud their religion cannot be interfered with, representatives of the Illinois Spiritual association of Illinois today appeared before the state committee on license and miscellany to protest against the passage of a bill which seeks to prohibit clairvoyants, fortune tellers and mediums from operating in the state of Illinois.

The only objection to the bill was that it included mediums. Speakers for the spiritualists told the committee that mediums formed a part of their ministry and that the bill would prohibit their employment of mediums as ministers.

To Reimburse Legislators.

Members of the lower house of the legislature today adopted a joint resolution providing that members of both houses be reimbursed at the rate of two cents a mile for money spent in traveling between their homes and Springfield to attend sessions of the legislature. A bill introduced today appropriates \$26,270.18 from the contingent expense fund to pay such railroad fares.

Members of the house committee on public utilities today listened to arguments on the part of the railroad industry in opposition to the bill limiting freight trains to fifty cars.

Marcus A. Dow, general safety agent of the New York Central railroad and B. Pratt, western manager of the New York Airbrake company, presented the case in behalf of the railroads. Mr. Dow fairly staggered the committee members with an array of statistics calculated to demonstrate that not only railroad travel but railroad employment as well at the present time have reached the limit of safety and that practically all of the accidents that occur are due to human errors.

House Passes Ten Bills.

Ten bills were passed by the house today, the number including the Burns bill extending the limitations of the Juul law for two years beyond the three years given by the last general assembly. This bill is a relief measure to Cook county, permitting cities of 150,000 or more to raise the tax rate for boards of education from 1.05 to 1.20 and in counties outside of Cook from forty-five to fifty-five cents.

The two and one-half cent passenger fare bill asked for by the railroads of Illinois was reported back to the house by the public utilities committee without recommendation. Senator Compton's tax amendment resolution and Senator Keller's resolution permitting the initiative on proposed constitutional amendments were made special orders in the senate for consideration next Tuesday.

At the meeting tonight the bill introduced at the morning session, today and providing for county civil service was reported out with the recommendation that it pass. The measure is a blanket one and applies to counties having a population of 150,000 or more. If enacted into law counties of lesser population may adopt it by a referendum vote.

Set May 28 for Adjournment.

Leaders in the House and Senate today tentatively set Friday, May 28 as the date for the adjournment of the legislature.

The matter of adjournment was

READ EXCERPT FROM MINUTE BOOK
OF ALBANY JOURNAL COMPANYPurports to Show Barnes Assigned
to That Corporation as Salary
Claim of \$20,000 Against James
B. Lyon—Roosevelt is Not Exam-
ined.

Syracuse, N. Y., May 6.—An excerpt from the minute book of the Albany Journal company, read in the supreme court here today during the trial of William Barnes' suit for libel against Theodore Roosevelt, purported to show that Mr. Barnes assigned to that corporation a salary claim of \$20,000 against James B. Lyon, founder of the Albany printing concern which bears his name. The claim, it was said, reported salary for two years and for the assignment the trustees authorized the giving to Mr. Barnes of a general release from all existing claims against him held by the Journal company. The Lyon company and James B. Lyon have been mentioned many times in previous testimony. Excerpts from the minute book were read by counsel for Theodore Roosevelt, after objections made by Mr. Barnes' attorneys had been overruled. The minute book was introduced during the afternoon session of court. During the morning session, Justice William S. Andrews ruled that Colonel Roosevelt could not testify about local conditions in Albany. The colonel then went on the stand for examination. He remained there long enough for William M. Ivins, chief counsel for Mr. Barnes, to inform him politely that he had no desire to question him. It probably was the colonel's last appearance upon the witness stand.

Both of today's sessions were devoted to testimony in regard to public printing and additional evidence of this nature will be presented.

ROBBER MURDERS CHICAGO WOMAN
AND HER TWO YEAR OLD SONCrushes Skulls of Victims With a
Hammer and Then Cut Their
Throats With a Butcher Knife.

Chicago, May 6.—Mrs. John Coppersmith and her two year old son, Joan Coppersmith, Jr., were murdered in their apartment on the south side today by a robber, who crushed the skulls of his victims with a hammer and then cut their throats with a butcher knife.

The murderer remained long enough to wash his hands and to ransack the apartment for valuables. He took a diamond ring and Mrs. Coppersmith's wedding ring from her fingers and then searched until he had found \$800 in bonds and \$50 or \$60 in currency.

What the police consider their best and most tangible clue to the murderer was the bloody imprint of a hand on the table in the kitchen. Two men were arrested tonight and the men had both admitted being in the neighborhood where the murders occurred. Neither of the men, the police alleged, could account for their presence in the neighborhood.

Mrs. Coppersmith was the wife of John L. Coppersmith, secretary of the P. W. Coppersmith company, commission merchants. The husband was only able to tell the police that he had left his family alone in the flat when he went, as usual, to his office this morning.

CHARGE CONSPIRACY TO
VIOLATE DRUG LAW.

Chicago, May 6.—Physicians and druggists in all parts of Chicago were arrested today by federal officials on warrants charging conspiracy to violate the Harrison anti-narcotic law which went into effect March 1st. Sixteen warrants naming approximately one hundred persons were sworn out by Assistant United States District Attorney Benjamin J. Epstein and Internal Revenue Agent Dan J. Chapin. The persons named in the warrants were physicians, druggists and alleged drug users.

WEATHER FORECAST
AND TEMPERATURES.WASHINGTON, May 6.—Illinois:
Rain and cooler Friday; Saturday
fair and warmer.

Temperatures.

The current, maximum and minimum temperatures recorded Thursday were:			
Jacksonville	58	60	52
Boston	64	70	50
Buffalo	56	62	42
New York	64	70	50
New Orleans	78	82	68

St. Paul	46	46	42
Helena	62	66	54
San Francisco	54	58	52
Winnipeg	42	42	30

brought up yesterday by the Republicans at a meeting of the House steering committee and a committee was appointed to feel out Senate leaders. The Senate leaders today practically accepted May 28 as the adjournment date. Should the legislature quit work on May 28, it would then recess for ten days to allow Governor Dunne to sign bills, and would adjourn sine die on June 11.

JAPAN DEMANDS
ACCEPTANCE TODAYGives China Until 3 o'Clock
This Afternoon to Con-
cede to Requests

TO PRESENT ULTIMATUM

China is Said to Have Resolved
to Communicate With Four
Powers on Receipt of Note

U. S. EXPLAINS POSITION

PEKING, May 7.—(12:55 a. m.)—The Japanese legation has informed the Chinese foreign office that Japan would be unable to accept the further concessions offered Thursday by China and would present an ultimatum before three o'clock this (Friday) afternoon unless the 24 demands were accepted by China without qualification.

Informs Vice Minister.

The Japanese legation continued its efforts yesterday to persuade the Chinese government to concede Japan's demands without the necessity of serving upon China the ultimatum of the Japanese government which was received early yesterday morning. The secretary of the legation visited the foreign office and informed vice-minister Tsao Yulin that the legation had received the ultimatum and that it would be presented unless China agreed to Japan's twenty-four demands before seven o'clock in the evening. Tsao Yulin immediately visited the winter palace, the residence of Yuan Shi Kai and after a conference with the executive and other members of the government, conveyed to the Japanese legation the following further concessions:

China reiterated regarding Shanghai province, that she would grant Japan everything that already had been granted to Germany there by treaty. China agreed to grant Japan the right to work mines in southern Manchuria and eastern Mongolia; that all disputes between the Japanese in Manchuria, of whatever nature, shall be under Japanese jurisdiction; that schools and hospitals may lease land from the Chinese, thereby reserving land ownership; to grant a concession to Japan to build the Nan Chang Chaochow Fu railway, if Great Britain consents to the release of China from the negotiations begun concerning this railroad years ago.

The Japanese claim they requested the concession for this railroad in 1907.

Do Not Withdraw Stipulation.

The three stipulations China made to the demands in nature of counter proposals last Sunday were not withdrawn by China. These were that China asked the right to participate in an international conference a rearrangement of the altered status of Shanghai, indemnity for the losses incurred in consequence of the T'ing-Tau campaign and the restoration of the status of Shanghai as before the war.

It is said that the Chinese government has resolved to communicate with the United States, Great Britain, Russia and France on receipt of the ultimatum and that the nature of this communication will depend upon the nature of the ultimatum.

United States Explains Position.

Washington, May 6.—The silence which has been consistently maintained by the United States with reference to the Japanese-Chinese negotiations since they began nearly four months ago was broken tonight by the issuance of a statement by Secretary Bryan explaining the position of the American government.

The statement was prepared earlier in the day after consultations with President Wilson. While press reports had told of Japan's decision to send an ultimatum to China, no official information had been received to confirm this tonight.

The statement was interpreted in some quarters as meaning that while no tender of good offices would be made by the Washington government the services of the United States were at the disposal of such countries should they desire the assistance of any third power to bring about a diplomatic settlement of the questions at issue.

Viscount Chinda, the Japanese ambassador and Kai Fu Shah, the Chinese minister sought separate interviews with Mr. Bryan late today but declined to discuss the object of their visits. While at the department it is believed they were shown copies of the statement of the American position, occasioned by the critical situation which has arisen in the Far East.

Text of Statement.

The text of the statement follows: "In order that there may be no misunderstanding of the position of the United States in reference to the negotiations pending between Japan and China the following announcement is made. At the beginning negotiations the Japanese government confidentially informed this government of the matters which were under discussion and accompa-

Former Governor Deneen who was reputed sometime since to have lost political prestige in Cook county seems to have fooled his critics. The Deneen interests had nearly enough votes to control the recent judicial convention in Cook county and by a union with the Brundage forces easily defeated Mayor Thompson's program for a non-partisan ticket. Chicago papers suggest that the Deneen-Brundage forces may secure control of the Cook county party organization for the state and national campaigns next year.

Col. Frank L. Smith of Dwight, is the first in the field to announce his candidacy for the Republican nomination for the governorship of Illinois in 1916. Col. Smith has been prominent in Livingston county and the 17th congressional district for a number of years and has ranked as a loyal republican. Beginning business in a somewhat humble way he has been very successful along several lines and is popular in the northern part of the state. There is no question though that Col. Smith will have several strong opponents in the race.

The proper authority to supervise public work, including the work done by the nurse or nurses, together with the question of the source from which expenses are to be paid, seem to be the only points to settle in the present public health discussion. There seems to be a general belief that the services of a nurse are necessary in connection with the open air school but some difference of opinion as to how the nurse shall be paid. It is no doubt illegal, to pay a nurse from the school funds and some other way will have to be provided, unless the nurse assumes the duties of the truant officer, in addition to those performed in her professional capacity. Doubtless the committee to be named will work out a plan which will settle the difficulty in a satisfactory way. Several efforts have been made in the past for the creation of a health department but enough opposition has developed to impede action each time.

Road Statistics.

The United States Department of Agriculture is now gathering information which, when complete, should not only give the total mileage of public roads in the United States and their cost, but should serve as a basis for estimating the relative value of the different kinds of highways. Some 15,000 sets of inquiry blanks have already been distributed through the State Highway Commissions, and some of these are now beginning to come back to the department. Each set consists of four cards.

Of these the first asks for information on the mileage of different classes of roads in the county to which it is sent. The mileage does not include, of course, streets in cities and towns. The roads are divided into 10 classes as follows: brick paved, concrete, macadam with the addition of some substance such as asphalt, oil, or tar; plain macadam, gravel, shell, other hard surfaced roads, sand and clay mixture properly graded and drained, ordinary earth roads properly constructed, and, finally, unimproved roads. As there are approximately 3,000 counties in the United States in many of which the mileage has never even been estimated, it is hardly probable that this preliminary survey will be exact.

Dry Measures Suffer Defeat.

Dry measures came to grief in the upper house of the Illinois general assembly yesterday when practically all pending dry legislation was killed. The county option will still live, but has little chance of long survival. Dry senators have been endeavoring for several days to get their measures out of committee and resolutions providing for this action with reference to three bills were defeated Thursday. The measures which met this fate were the search and seizure bill, the residence district and saloon bill and the anti-shipping bill.

There are very strong indications therefore that neither in the house or senate will any dry measures be successful at this session. Leaders who are familiar with conditions however will be very well pleased if they are able to keep existing laws intact and no distinctly wet laws from being passed. It is common knowledge that the drys lost in strength in the present assembly because of the slump in the progressive vote and those active in dry campaign work will be satisfied therefore if they are able to hold their ground and, hope for better results in the next election.

Cannon Nears 80th Birthday

Hon. Joseph G. Cannon, former speaker of the National House of Representatives, the veteran of politics and legislation who refuses to be retired, is 79 years old today. The Cannon smile and the long black stogie are again seen in Was-

ington, where the eagle eye of the Illinois statesman is periscoping the Democratic strongholds for an opening that will sweep his party back into power and again present to him the gavel which he swung uninterupted for eight years. Cannon ranked under defeat for the 63rd Congress but last November he had the pleasure of leading the "come backs" into Congress. The former Speaker has had a notable career. He was born at Gullford, N. C., May 7, 1836, of Scotch and Quaker ancestry. When a boy his parents moved to Illinois, and here young Cannon was reared on a farm. He secured his education in country schools and then studied law. He worked in a grocery store until he was admitted to practice. At 24 he was chosen a state's attorney in Illinois, and he held this office for seven years, when he first came to Congress. It was 42 years ago that Cannon first set foot in Washington, and since that time he has served, continuously, with the exception of two breaks of two years each. His firmness while chairman of the Committee on Appropriations earned for him the sobriquet of "Watch-Dog of the Treasury." He was made speaker of the 58th Congress and was re-elected to the office in the three succeeding Congresses. In 1908 he received 58 votes for the presidential nomination in the Republican National Convention.

The Day of Reckoning.

The legislative history of two years of Democratic rule was completed March 4. Those two years have been marked by one of the most active periods of law making this country has ever seen. With a House ready and able to execute his decrees down to the last word and with a working majority in the Senate, President Wilson took the oath of office March 4, 1913. With prophetic eagerness he summoned Congress in extra session a month later. With the exception of six weeks of respite, last fall the party machinery has been in operation ever since, grinding out experimental laws that affect every phase of our social and commercial life.

What does a study of that record show?

It discloses the fact that during that time the Democratic Congress has enacted and the Democratic President has signed more crude, imperfect and nugatory laws than ever were written during the same length of time by any American Congress. It furnishes an indictment of haste and lack of legislative intelligence that is bound to be humiliating to the party responsible.

That there has been a tremendous quantity of legislation cannot be denied. More than four hundred public laws have been placed upon the statute books by the Democrats since they came into power. These are designated "public" because they appropriate money for general purposes or affect general law. In addition to these, hundreds of private bills have been passed.

Those who have closely observed the methods of legislation used by the Democratic majority are not surprised at the faulty results. The present administration has been admittedly notable, even notorious, for its steam roller short cuts in enacting laws. Every important bill passed has been put through with small consideration beyond that of party expedience. As soon as the President proposed a law, then the caucus approved it, the majority rushed it through committees and back to the President for his signature,—all with as little debate as possible, and under iron clad special rules that permitted no chance for intelligent consideration or amendment.

Be sure to see the "Wear-Ever" Stepan Coupon offer on page 10. A 15c Aluminum Stepan for 15c.

WITH THE SICK.

The venerable Mrs. G. A. Ferreira, 98 years old and residing at 828 East Lafayette avenue, is convalescent after an illness of a few days. She is not wholly well but is much improved.

Comrade George Paul is confined to his home, 935 West North street, because of a severe illness.

John W. Richardson of East College avenue is reported quite ill.

Mrs. O. J. Kuchmann of East State street, is able to be up after a two weeks illness.

Mrs. Charles Degen, who underwent a slight operation at Our Saviors' hospital, has returned to her home on West College avenue.

J. A. Obermeyer was detained at home Thursday by illness.

Mrs. W. C. Green is seriously ill at Dr. Day's hospital. Late Thursday evening the reports from her were more encouraging than had been true earlier in the day.

Robert Lewis, son of Mr. and Mrs. Emerson Lewis, near Orleans, was brought to Passavant hospital yesterday suffering with appendicitis. He was accompanied by Dr. Wade H. Schott of Alexander.

Rev. A. M. Ewert of Griggsville who has been ill for some time, is able to be up again but it will be several weeks before he is able to resume his pastorate work.

William Russell of Woodson is reported better. John Vasey of Woodson who has been ill is convalescing.

Be sure to see the "Wear-Ever" Stepan Coupon offer on page 10. A 15c aluminum Stepan for 15c.

ABOUT FISHING LAWS.

Robert Luton stated yesterday that according to the fishing law of Illinois it was lawful at any time of the year to fish with hook and line but that seining was prohibited during the months of May and June.

LOOKING AHEAD.

High School.

Friday, May 7—W. I. H. S. meet.

Mrs. D. R. Browning and Miss Virginia Johnson who have been guests of Mr. and Mrs. John L. Johnson for a day or two are now at Mrs. Browning's home, 1421 Mound avenue.

MISS HAZEL BELLE LONG GIVES PLEASING RECITAL IN VOICE

Event Thursday Evening in Recital Hall Displays to Excellent Degree Musical Ability of Conservatory Pupil.

Excellent enunciation and extraordinary range and power marked the graduation recital of Miss Hazel Belle Long last evening at Recital Hall, Illinois College conservatory, and friends who attended unite in praising Miss Long well earned praise.

Miss Carrie Dunlap, violinist, and Miss Maude Johnson, pianist, assisted the singer in rendition of the program and Miss Marguerite Butler accompanied the vocal numbers.

Miss Long is a pupil of Mrs. Genevieve Clark Wilson and the recital was a credit to teacher and pupil as well. The singer's interpretation of the group of four German melodies was especially good as was her work in Bizet's aria from "The Pearl Fishers." The melodic swing and sprightliness of Chadwick's Danza proved a charming climax. The program follows:

O cessati do piagnanti... Scarlatti
Phyllis Has Such Carming Graces... Wilson
I've Been Roaming... Horn

Strampelchen... Hildach
Gretchen am Spinnrade... Schubert
Was I not a Blade on Dewy Meadow-ground... Tschalkowsky
Lenz... Hildach

Romance (violin)... Bruch
Carrie Dunlap.
Aria, from the Pearl Fishers... Bizet
Miss Long.

The Revolt of Mother... Mary E. Wilkins
Roses by Summer Forsaken... Newton
The Elves... Salter
A Maid Sings Light and a Maid Sings Low... MacDowell
The Danza... Chadwick

STRANGER PRESENTED BOGUS EXPRESS ORDERS AT LOCAL OFFICE

G. C. Cochran Arrested at Hannibal for Swindling National Express Co. Out of \$400—Will Be Brought Here For Trial.

State's Attorney Robert Tilton and Chief of Police George P. Davis will go to Springfield this morning to ask Gov. Dunne to grant requisition papers on the governor of Missouri for G. C. Cochran, who is under arrest in Hannibal and is wanted in this city for swindling the National Express company.

According to the story, Cochran a few days ago entered the local office of the National Express company and presented eight express money orders of \$50 each, ostensibly issued from the company's office at Dawson, Kentucky. Mr. Goodrick, agent for the company, did not have a large amount of cash on hand at the time and as it was late in the day he gave Cochran cash for one order and issued travelers' checks for the others. Subsequently Cochran cashed one of the checks at the Wash station and purchased a ticket for Quincy.

The matter was reported to Chief of Police Davis and he took it up with the authorities at Quincy. They got track of the man there and reported that he had gone to Hannibal. Then Chief Davis notified the Hannibal police department and a few hours later they reported that Cochran had been there and registered at the Mark Twain hotel, but that he had returned to Quincy in an automobile. Further investigation developed the fact that the automobile in which Cochran traveled from Quincy to Hannibal had returned but that he was not in the car.

The Hannibal police succeeded afterward in locating him at a street carnival in progress there, where he was making himself conspicuous by distributing silver and currency among a lot of small boys. So much cash had been more than Cochran could stand and he had spent quite a large amount for whiskey, which accounts for the liberal state of mind in which he was in at the time of his arrest. He had purchased a new suit of clothes, and it developed that only a few dollars of the \$400 remained. He was placed in the jail at Hannibal and refused to return to Jacksonville without requisition papers.

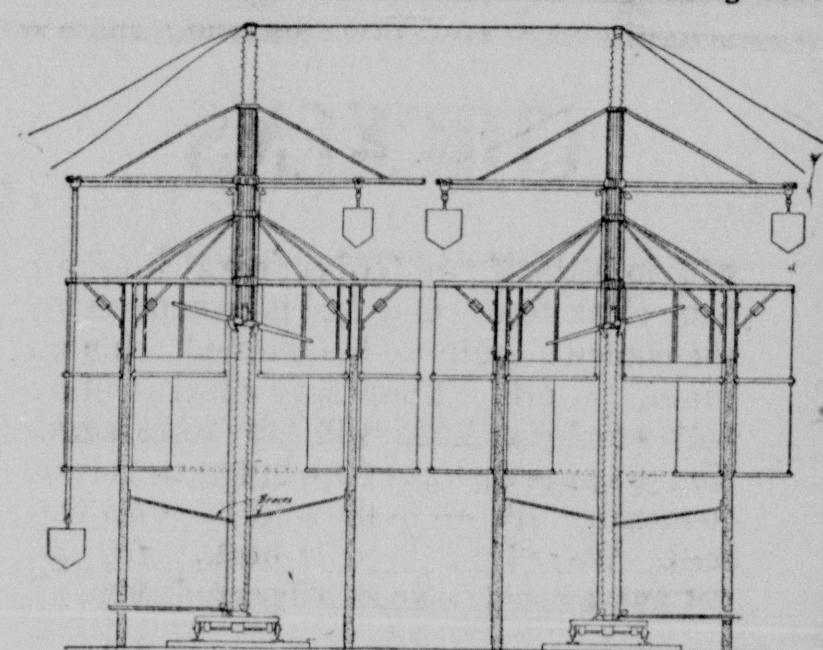

Chief Davis will go from Springfield to Jefferson City to secure the necessary documents and then come around by way of Hannibal with Cochran. Officials of the National Express company will arrive shortly and direct whatever action is to be taken against the man.

Who's in town?
THE SPRING RECITALS.
Announcement is made of the graduate recitals of Illinois College Conservatory which will take place Wednesday and Thursday at Northminster church. The recital Wednesday evening, May 12, will be at 8:30 o'clock and eight is the hour named for the Thursday recital.

WILL SPEAK AT LIBRARY.
Prof. H. V. Stearns of Illinois Woman's college will talk at the public library at eight o'clock next Tuesday evening to music lovers of Jacksonville. He will speak of composers whose works will be rendered by the Minneapolis Symphony orchestra Friday of next week.

SHERIFF GRAFF AFTER THE LIQUOR LAW VIOLATORS

Secured Abscon- Evidence Against
Two Offenders—Saw Liquor De-
livered and Paid for in Open De-
fiance of Law.

Information was filed in the county court yesterday against Mrs. Kate Haxton, who is charged with selling liquor in anti-saloon territory and she was arrested by Deputy Sheriff Stice and placed in jail. The sheriff's office is making a very vigorous campaign against illicit liquor selling.

Wednesday afternoon Sheriff Graff received a message to come to a building on East State street; that a man there wanted to show him some bottles of whisky that he had just purchased. The sheriff went as requested and there met a man in a half intoxicated condition, who said that he had purchased the three bottles just a short time previously and could get more. The sheriff requested to the man to meet him at 8 o'clock and go around and "show" him that other purchases could be made.

Sheriff Graff met his guide about 8 o'clock and they went to the home of Mrs. Ella Reavis. There, while Sheriff Graff stood in the shadow, his companion rapped on the door and when Mrs. Reavis appeared told her that he wanted a bottle of whisky; that he was going out into the country. The woman later appeared with the bottle and Dennis paid her \$1 and received 25c in change. From this house the sheriff was taken to the home of Mr. and Mrs. Pete Haxton. There the "guide" repeated his story and was told that they were sorry but that they had sold the last whisky they had, but that if he would do any good that they could accommodate him. The applicant for booze entered the house and Sheriff Graff moved up to a window where he could witness the transaction. He saw Mrs. Haxton go to an ice-box, remove a quart of beer, pull off the cap and hand it to the man who took a drink and then offered it to Haxton and his wife and subsequently paid them 30c.

Then the sheriff and his guide went to another house where after an inquiry at the door brought the reply from the man resident there that he did not have a drop of whisky left, having sold the last he had on hand in the afternoon. By this time it was close to 11 o'clock and the sheriff thought that he had secured enough evidence. He had previously doubted his informant and thought that the man was promising to make purchases that he could not. The sheriff was really astounded at the open way in which Mrs. Reavis and Mrs. Haxton disposed of the goods. This was especially true because only the night before the sheriff had visited one of these houses and had given warning that if there had been any liquor selling that it must absolutely stop, and had received the assurance that the occupants had gone out of business.

BIG TRACK MEET.

W. I. H. S. L. track meet Friday, May 7th, one o'clock, College track.

IS GIVEN SURPRISE.

Charles N. Wyatt was given a very pleasant surprise Wednesday evening at his home five and one half miles southwest of Franklin, the occasion being his fiftieth birthday. There were fifty friends present and the surprise, which was planned by Mr. Wyatt's wife and daughter, was complete. A very pleasant social time was enjoyed and refreshments consisting of ice cream and cake were served. There was a large birthday cake with fifty lighted candles on it. The decorations were in pink and green.

BIG TRACK MEET.

W. I. H. S. L. track meet Friday, May 7th, one o'clock, College track.

HANDSOME CLOCK PRESENTED TO KNIGHTS OF PYTHIAS LODGES

An elegant new clock has been hung on the wall of Castle Hall of the Pythian lodges, of which the members are justly proud and are very grateful to the donors. The clock was presented by Messrs. Dennis Schram and O. H. Burham, both enthusiastic members of the order. Probably no other Pythian lodge in the domain possesses such a handsome and novel time piece as the one just presented to the local lodges and coming from two members show their appreciation and regard for the order.

The clock is a 30 day Seth Thomas, with a 19 inch dial and solid oak case, set in 5 foot triangular frame, the frame being hand carved by Mr. Burham, his work alone this line being the cause of much commendation by all who have seen the clock. At the regular meeting of Favorite lodge No. 376 resolutions of appreciation and thanks were ordered sent the members for their generous gift.

JAPAN DEMANDS

ACCEPTANCE TODAY

(Continued from Page 1.)

nied the information by the assurance that Japan had no intention of interfering with either the political independence or territorial integrity of China and that nothing that she proposed would discriminate against other powers having treaties with China or interfere with the open-door policy to which all the leading nations are committed.

"This government has not only had no thought of surrendering any of its treaty rights with China out it has never been asked by either Japan or China to make any surrender of these rights. There is no abatement of its interest in the welfare and progress of China and its sole interest in the present negotiations is that they may be concluded in a manner satisfactory to both nations and that the terms of the agreement will not only contribute to the prosperity of both of those great oriental empires but maintain that cordial relationship so essential to the future of both and to the peace of the world."

AVIATOR DESTROYS BRIDGE.

London, May 6.—(11:50 p. m.)—A despatch to the Exchange Telegraph from Athens says that as a result of the destruction of the Panderna Bridge by a British aviator communication between Smyrna and the Dardanelles is interrupted.

MEMORIALIZE CONGRESSMEN

Honolulu, May 6.—Japanese residents of Hawaii today memorialized visiting congressmen who have been in the islands for several days to secure a joint agreement between the United States and China to exclude Hawaii from the provisions of the Chinese exclusion act.

ANNOUNCEMENT

WE take pleasure in informing the ladies of our community that we have been successful in securing the services of Mr. F. H. Foster, special organizer for the Detroit Jewel Gas Range Clubs, who will be at our office and salesrooms Monday and Tuesday, May 10 and 11, for the purpose of furthering the organization of the local club recently begun.

Every woman in Jacksonville is cordially invited to call at our office on the dates mentioned and learn the purposes of the organization, which briefly stated are as follows.

To interest housewives in the best and most scientific methods of housekeeping.

To make it possible for housewives of this community to obtain the advantages of a practical course in Domestic Science, that will help to reduce the high cost of living and make home keeping more interesting.

To admit of securing the latest type of modern cooking utensils, and a new style of labor saving cabinet gas range on the most attractive basis ever offered.

In short—to apply to the work of the home, the same standards of efficiency which are applied to the office or the factory.

PUBLIC HEALTH IS THEME AT LUNCHEON

MISS CRANDALL POINTS OUT NEEDS OF WORK IN JACKSONVILLE.

Secretary of Visiting Nurses' Association Sees Much to Commend in Public Health Work Here--One Hundred Hear Speaker Thursday at Peacock Inn.

Public health, how it may best be promoted and by whose authority it should be administered, was the theme Thursday at a luncheon given at the Peacock Inn under auspices of the Morgan County Anti-Tuberculosis league and the Chamber of Commerce. Miss Ella Phillips Crandall of New Jersey, executive secretary of the national organization for public health nursing, was the principal speaker and in a talk of exceeding interest she told the story of public health progress and made reference especially to conditions and problems in Jacksonville. On motion of Bernard Gause, at the close of the address, J. J. Reeve, the chairman, was empowered to appoint a committee to draft a public health ordinance. The motion was seconded by Dr. J. R. Harker and was adopted unanimously with the understanding that report be made to a similar gathering before submission to the city council. Among those who took part in the discussion were Mrs. A. L. Adams, J. J. Reeve, Mayor Henry J. Rodgers, E. E. Wells, Bernard Gause, Dr. George Stacy, L. O. Vaught and Carl H. Weber.

The committee to draft or present an ordinance, it was stipulated, shall consist of not less than seven members nor more than fifteen. The Chamber of Commerce, Medical Society, Woman's Club, Anti-Tuberculosis society and other organizations interested in public health questions will be represented. Dr. Stacy, speaking for the Morgan County Medical society, stated that such an ordinance, providing for a board of health and medical inspection in the schools, had several years ago been worked out and had been filed with the city authorities on a previous occasion.

The Matter of Records. Mrs. Adams inquired about the records kept by the local nurse and Miss Crandall replied that from her inspection tour of the day before, the records seem exceptionally complete. On a small card it is possible to keep accurate tab of the child's health and Miss Crandall gave special praise to this feature of Miss Olmsted's work. In reply to a second question she said that when the community nurse visited rural schools, the expense is not infrequently borne by the county commissioners.

Carl H. Weber asked about the duties of the truant officer and it was suggested that the duties of that office might be combined with those of the community nurse. Mr. Wells spoke with especial reference to finances and Mr. Vaught expressed a hope for more thorough co-operation in all public health matters. A question was asked as to whether Miss Crandall knew of cities in which the city government co-operated with the school authorities for the appointment of a board of health which should appoint a city health physician, he in turn to supervise the community nurse's work. Miss Crandall was not aware of such a procedure in all particulars, admitting however the logic of the plan.

Mayor Rodgers Speaks. "I think all present have a common interest and that interest is centered on the well being of the whole people," said Mr. Rodgers on request for a few words by the chairman, Mr. Reeve, at the close of Miss Crandall's talk. "It is not a question in my mind of the existence of the public health nurse and what she stands for but rather to whom should she look for support and to what body should she be responsible. At present this point is not clear and matters are in a state somewhat chaotic. I am ready to listen to anyone on any question of interest to the public and feel that the commissioners stand with me on this point. Public health work should be supported at the expense of the public I think, but just how or in what manner I do not yet know.

Popular education in matters of health, Miss Crandall described as the greatest single advance of the present time. For a number of years the district or visiting nurse has gone to and fro doing what she could to alleviate suffering. Her work was limited however and she was hardly known outside of larger cities. It was not until the people awoke to the danger of tuberculosis, that great universal scourge which is both preventable and curable, that the community nurse found her true vocation. Open air schools, hospitals, out door camps and sanitariums sprang up and with them the profession of public health nursing was developed. The importance of thorough follow-up work became apparent and before long the work of the public health nurse was extended to include school hygiene medical inspection etc. In the City of New York 586 public health nurses are constantly at work and cities of lesser size the country over, are awakening to her value as a saver of money for the community and a builder of character through bettered health.

Saving Public Money. The work of the nurse can only be regarded as a financial asset to the city. She discovers the repeater, the child who remains in the same grade from year to year, and by

making the school a more efficient organism saves, as times goes on, enormous sums. All this she does without mentioning the mental and moral well-being which follow as well.

Public health is a community asset and sickness is a public liability. The part played by the public health nurse in progress toward public health may be seen from the growth of her profession within the last ten years. A decade ago, fifty-three cities or associations had working one hundred thirty-six nurses. More than five thousand nurses representing two thousand sixty-six associations are at the present time making their contribution toward public betterment. Cities are working out plans for more efficient health administration and four states have laid down definite plans for public health activity. Of these plans the nurse is the strategic object.

Jacksonville, said Miss Crandall, is deserving of congratulation for what has been done and the amount of progress shown, within one short year. The inspection in the schools, the work of the clinic, the open air school, the public health nurse herself with practical training and police power to make her work effective—all deserve the warmest commendation. Miss Crandall called attention to the liberality of those directing the nurse's work, a liberality which did not keep her from looking after home conditions nor prevent her from aiding at times the younger brothers or sisters.

With regard to the nurse's source of support, Miss Crandall said the practice varied. Boards of education, poor relief committees, city treasuries, health boards, public charities and private philanthropies were named as employing and supervising bodies for public health work. Private agencies, Miss Crandall, regarded as experimental and temporary. The privately supported anti-tuberculosis society may take the initiative, may be the means of demonstrating the nurse's utility and value. It is up to the public to support the work for public health. Our goal is public support for that which benefits the people as a whole.

EUROPEAN WAR NOTES

Berlin, May 6.—(7:10 p. m.)—The war office issued the following statement today:

"Over the whole front artillery duels have taken place. We made further progress near Ypres (Belgium) and have taken the Vanhelpe farm and another farm near the Messines-Ypres railway. We made 100 prisoners and took fifteen machine guns.

"In the forest district to the west of Combre we made an advance and captured four French officers and 135 men. We also took four machine guns and a mine thrower.

"In our attack yesterday in the Ailly wood we achieved our objective by forcing the enemy to evacuate his positions. More than 2,000 Frenchmen, among them 21 also took two cannon and several officers were made prisoners. We also took two cannon and several machine guns and mine throwers. The number of Frenchmen killed was extremely heavy.

"The enemy attacked us in the region north of Filirey and near Croix Des Carnes. North of the former place the enemy pushed forward as far as our trenches. At one point in this sector fighting continued. At all other points the French were beaten back. In the Vosges an advance against our position north of Steinbrueck was repulsed.

"In the eastern theater: "Southwest of Mitau, south of Szadow and east of Rossina (Russia Courland) fighting continued.

"Northeast and southwest of Kalwayra, our positions were attacked several times yesterday by strong Russian forces. All these attacks failed with heavy losses to the enemy.

"The enemy advanced against our bridge heads on the Pilica river without success.

"Bombs were dropped on the fortified town of Grodno during last night.

"In the war area to the east of Tarnow and to the north of that place as far as the Vistula river and on the right bank of the Dunajec river, fighting continued far into the night. The number of prisoners so far taken has reached more than 40,000. It is worthy to note that this is the Russian front.

"In the Beskid mountains, on the Lupkow pass road an attack is being made by the forces under General of cavalry Von der Marwitz, simultaneously with an attack made by the Austro-Hungarian army which is co-operating with the Germans. These attacks are progressing favorably.

Paris, May 6.—(10:40 p. m.)—The official communication issued by the war office this evening says: "Today was calm. There is nothing to report."

Berlin, May 6.—(7 p. m.)—In a German official statement issued today the announcement is made that German soldiers forced the French troops to evacuate their positions in the Ailly wood and captured more than 2,000 Frenchmen. The statement says that the number of Frenchmen killed was extremely heavy and that they also lost two cannon and a number of machine guns and mine throwers.

Paris, May 6.—(5:25 p. m.)—As the result of a discussion whether parliament should continue in session throughout the period of the war, the group on the left in the senate, presided over by Emile Combes and the Union Republic group decided today to take action toward this end. They came to the conclusion that a permanent session was necessary to assure uninterrupted

ed collaboration with the government and will request Premier Viani to present their views tomorrow.

London, May 6.—(8:55 p. m.)—The British war office tonight issued the following communication:

"There is nothing to report on the British front except the recapture by us yesterday evening of more of our lost trenches on Hill No. 60, southeast of Ypres, and that fighting still continues in that locality.

Elsewhere the enemy has shown no disposition to attack."

London, May 6.—(6:10 p. m.)—The determined opposition of the Irish nationalists and the independent Irish Nationalists who joined the forces today to oppose the new liquor taxes of David Lloyd-George, chancellor of the exchequer, forced the government to postpone until next week the second reading of the bill embodying the chancellor's plan.

Both Premier Asquith and Mr. Lloyd-George pleaded the necessity of expeditious action but the Irish members insisted that the bill should not be carried further until they were assured that the government had decided to abandon the support of the nationalists.

Mr. Lloyd-George announced that his interviews with the liquor interests were making good progress and he hoped an arrangement satisfactory to all parties would be reached in twenty-four hours.

London, May 6.—(9:15 p. m.)—Reuters version of the last Berlin official communication contains additional details of the fighting in the eastern zone. After the statement in the original communication that "the enemy advanced against our bridge heads on the Pilica river with out success" the Reuter version says:

"We bombarded the fortress of Grodno (about 150 miles northeast of

Swish! Corns Gone! We Use "GETS-IT!"

2 Seconds, 2 Drops—Corns Vanish! For everybody with corns, there is in every drug store in the land one of the real wonders of the world, and that's "GETS-IT" for corns! It's the first and only corn-cure ever known that removes

"Some Foxy Trot, M'amselle, What? Corns Gone? Yes, I Used 'GETS-IT.'" any and every corn or callus without fail, without fussing with thick bandages, toe harnesses, corn-swelling salves, irritating ointments. It's applied in 2 seconds—bing, bang—2 drops, the work is done, the corn shrivels up, your corn agony ends and the corn leaves forever! All the lumps, the pains that dart to your heart's core, the excruciation of having to wear shoes over screaming corns, the danger of blood poison from making them bleed by using knives, razors and scissors—gone in a last! "GETS-IT" is the new way, the sure, simple, painless way. Try it for corns, calluses, warts and bunions. "GETS-IT" is sold by druggists everywhere, 25c a bottle, or sent direct by E. Lawrence & Co., Chicago.

Sold in Jacksonville and recommended as the world's best corn cure—by Armstrong's Drug Stores—J. A. Obermeyer.

"I know it will stand the test of hard usage because it's built right from the ground up—out of the highest grade materials, by men who know how. It's the tire that keeps down the up-keep."

Summary.
Two base hits—Foster, Lajoie. Three base hits—Moeller. Home run—Henry. Stolen bases—Milan, Foster, McBride, Moeller, Walsh (2). Sacrifice flies—Morgan, McInnis. Double plays—Neff to Morgan to Gandil; Lapp to Lajoie. Bases on balls—Off Gallia, 2; off Harper, 2; off Pennock, 3; off Bressler, 3. Struck out—By Gallia, 5; by Pennock, 7; by Bressler, 6. Wild pitch—Harper. Umpires—Connolly and Chitt. Time—1:15.

New York, 4; Boston, 3.

New York, May 6.—In the most exciting game played in New York this season the New Yorkers won a thirteen inning victory from Boston. Ruth of Boston pitched well, errors by Wagner and McNally and the inability of the Boston catchers to stop the Yankee base runners prevented him from winning in nine innings.

THURSDAY CLUB MEETS.
The Thursday Social club met at the home of Mrs. G. R. Bradley Thursday afternoon with all members present. A great deal was accomplished in needercraft during the afternoon and a delightful social time was enjoyed. Light refreshments were served. The next meeting will be held with Mrs. Edgar Stout of North Church street.

IMPROVE WAITING ROOM.
A new door has been built in the corner of the car barns of the Jacksonville Railway company at the corner of East State street and Illinois avenue, and the waiting room there much improved, which will add to the convenience of the patrons of the road.

Home visits made by nurse: tuberculosis patients, 60; school children, 45; Metropolitan policy holders, 142. Other cases, 130. Total, 377.
Emma Ara Bacon, Public Health Nurse.

ATTENDED FUNERAL ON CRUTCHES.

J. J. Vieira, a resident of this city and who is now at the soldiers' home at Quincy, was one of those who attended the Lincoln funeral in Springfield, and he remembers the occasion well, not only because of the great crowd and the general mourning, but also from the fact that he was obliged to use crutches in order to make the trip.

Greatest Event in Woman's Life

All human experiences look back to motherhood as the wonder of wonders. The patience, the fortitude, the sublime faith during the period of expectancy are second only to the mother love bestowed upon the most helpless but most marvelous creation—a baby.

Women are quick to learn from each other those helpful agencies that add to comfort, that conserve their nervous energy and yet are perfectly safe to use and among these they recommend "Mother's Friend."

It is entirely an external application designed to lubricate the broad, flat muscles and skin that protect the abdomen. It has been in favorable use for nearly half a century and is known to mothers in almost every settled community in the United States who highly recommend it. You will find it on sale in drug stores. "Mother's Friend" is utterly harmless, contains no deadening drugs and yet its influence in the skin and muscles beneath as also upon the unnecessary surface strain and pain during a most trying period.

Get a bottle of "Mother's Friend" today at any drug store and write to us for our instructive little book to mothers. Address: Bradfield Regulator Co., 513 Lamar Bldg., Atlanta, Ga. It should be remembered that what is said of "Mother's Friend" is the thought expressed by the thousands of women who have successfully used it and recommended it through two generations.

[The Only Thing a Dollar Can Start]
"In those glad, care-free days when I was trying to be a sport," said the Old Scout, casual like, "I made a discovery that has since stood me in good stead. About the only thing you can start with a dollar is a bank account." Profit by this experience. Bring your dollar in to us today and "start something." Three percent paid on savings.

WOMAN WOULD NOT GIVE UP

Though Sick and Suffering; At
Last Found Help in Lydia
E. Pinkham's Vegeta-
ble Compound.

Richmond, Pa. — "When I started
taking Lydia E. Pinkham's Vegetable
Compound I was in a
dreadfully rundown
state of health,
had internal troubles,
and was so ex-
tremely nervous and
prostrated that if I
had given in to my
feelings I would
have been in bed.
As it was I had to
hardly strength at
times to be on my
feet and what I did do was by a great
effort. I could not sleep at night and
of course felt very bad in the morning,
and had a steady headache.

"After taking the second bottle I
noticed that the headache was not so bad,
I rested better, and my nerves were
stronger. I continued its use until it
made a new woman of me, and now I
can hardly realize that I am able to do
so much as I do." Whenever I know any
woman in need of a good medicine I
highly praise Lydia E. Pinkham's Vegeta-
ble Compound." — Mrs. FRANK
CLARK, 3146 N. Tulip St., Richmond, Pa.

Women Have Been Telling Women
for forty years how Lydia E. Pinkham's
Vegetable Compound has restored their
health when suffering with female ills.
This accounts for the enormous demand
for it from coast to coast. If you are
troubled with any ailment peculiar to
women why don't you try Lydia E.
Pinkham's Vegetable Compound? It
will pay you to do so. Lydia E. Pink-
ham Medicine Co., Lynn, Mass.

MAPLE GROVE SCHOOL CLOSING FOR YEAR

Home Coming Planned in Connection
With Closing Exercises Made De-
lightful Occasion.

A delightful occasion yesterday morning was the closing exercises of Maple Grove school which has been successfully taught by Mr. J. H. Reid and Miss Ethel Sooy. It was at first the intention to have the exercises in the grove but inclement weather made the inside of the school building necessary. The moving spirit in the whole affair was the parent-teachers' association which has wrought much good for the school. There are about 75 pupils in both rooms and the work done the past year has been excellent. The labors of the teachers have been well appreciated by most of the citizens of the district and the parent-teachers' association with Mrs. Parker Doan as president has done excellent work.

The effort was to have it a genuine home coming affair, all former pupils being welcome while the citizens and residents of South Jacksonville were of course expected to be there and they were in good numbers. The gathering was obliged to assemble inside the building and it was well filled and when all were called to order one of the pupils, George Green, gave an address of welcome. The response was to have been by Carl Weber but he was unavoidably absent and on the spur of the moment, C. H. Story very ably responded.

In welcoming the audience George Green told of the work the school had accomplished, the good spirit that existed and the kindly co-operation of parents and teachers in bringing about the good result. He bade all welcome and urged them to be sociable and have a good time.

Mr. Story responded in a happy manner telling of the pleasure he felt at being present and expressed appreciation of the good accomplished by the faithful teachers and studious pupils and said he hoped for still better results another year. He expressed pleasure at the idea of the home coming and said there should ever be a bond between school and citizens.

Prizes and Contests.
In order to keep up the interest in the school and its work and to inspire the pupils with an ambition to accomplish more the parent-teachers' association had arranged a series of contests and prizes and these Mrs. Parker Doan, president of the association announced and explained. They were as follows:

Flower cultivation for boys and girls.
Garden—boys and girls.
Jams and jellies; canning of fruits and vegetables—girls.
Bird houses to be placed in the trees about the school building—boys.

Best story of some one bird or pair of birds, their building habits etc.—boys and girls.
Cooking: bread, rolls, cakes, pies, candy, etc. The exhibit to be held on first day of school in the fall when awards will be made to winners of prizes and ribbons.

Flowers and vegetables must be exhibited in separate varieties; quality must be the aim; not quantity. Attractive exhibits will also count in scoring such exhibits.

Variety also will count in canning and cooking contests, also flower and vegetable contests.

There will be a domestic science demonstration in the afternoon by some one probably from the state university.

The exhibits, examination of gardens, flowers and the like are to be the first day of school in the fall. Seeds were supplied during yesterday and bulbs were planted by some of the boys and everything possible was done to arouse an interest and it is to be hoped that there will be a great deal of interest manifested in the various contests announced so that the first day of school next fall will witness an exhibition in which all may take an honest pride. Great credit is due the president and members of the parent-teachers' association for the exercises of yesterday and the arrangement of the awards and prizes.

Dinner.
After the formal part of the program dinner was announced and then it was shown what the worthy ladies of South Jacksonville could do in a culinary way. Fine sandwiches for staples came first with choice coffee and when these had served their purpose the cakes and various delicacies followed and after all had eaten there was plenty to spare. The eatables were admirably served and thoroughly enjoyed by all who had the good fortune to be present and there were a good many parents and patrons of the school in addition to the pupils themselves.

Presentation.
While all were eating Mrs. Ralph Crabtree vigorously rang the school bell and asked all to stop talking, but not eating, and listen to her a few minutes and the floor was given her while she proceeded to tell how much all interested in the school thought of Prof. Reid and how they valued his services and how they regretted the fact that he would not be with the school another year and as token of the esteem in which he was held he was asked to accept a slight token of esteem a set of cups and saucers.

The worthy gentleman was quite surprised but was fully equal to the occasion and expressed his thanks in a feeling manner and told of the interest he had taken in his work which had been a labor of love as well as profession and he expressed the deepest interest in the school which he would ever remember with pride and pleasure.

Who's in town?
Mrs. Clarence Vanlanhaning of Mason City is a guest for a few days at the home of her friends, Claude Hamm and family, on Reid street.

A social time followed and the audience gradually dispersed with many pleasant recollections of the occasion.

For the coming year Burleigh Jones has been employed as principal and Miss Ethel Sooy has been retained as instructor in the primary room. Mr. Reid has decided to retire from the profession of teaching after a career of twenty years during which he has successfully taught a number of schools and has done much for the welfare of the rising generation of the county. He has not yet decided what he will undertake but it is to be hoped that he will continue to be a resident of Morgan county.

Base Ball Game.
After the social hour a game of base ball was played between the men and boys and it was truly exciting and resulted in a score of 25 to 21 in favor of the men.

The line-up was as follows:
Men—
George Staley, p.
George Staley, pitcher.
Ralph Crabtree, catcher.
J. H. Harvey, shortstop.
E. E. Beasly, third base.
Roy Bond, second base.
Raymond Mathews, first base.
J. H. Reid, center field.
James Stice, left field.
Lawrence McDonald, right field.
Boys—
Henry Sandberg, pitcher.
Carl Sandberg, catcher.
Glidden Reeve, shortstop (also pitched).
Howard Mathews, third base.
Henry Weber, second base (also caught).
Harold Sandberg, first base.
George Green, center field.
Ralph Staley, left field.
Lee Harry Hacher, right field.
Umpire—John Green.
Scorer—Edward Hall.

W. D. HENRY TELLS OF HIS VISIT TO SPRINGFIELD IN 1865

Woodson, Ill., May 5th.

Editor Journal:
I am glad I am here to report my impressions of the Lincoln funeral. In company with my brothers, John R. and Charles E., I went to Jacksonville and took a train of mixed cars to Springfield to do honor to the memory of the greatest man who has lived since the time of our Savior; that is my personal opinion.

We passed through the capitol building in which the casket containing the body lay in state and saw the procession form on the square. It was headed by the hearse drawn by six horses with six postillions walking by the side of the horses. Next came the family carriages and then the soldiers formed in platoons and carrying their arms reversed while flags all over the city were at half mast and drums were muffled and church bells tolled. I shall never forget seeing Gen. Joseph Hooker mounted on a beautiful chestnut sorrel horse and wearing the uniform of a major general as he raised his sword and gave the command to march. I thought there was nothing more fitting than that one of Lincoln's heroes should be chief marshal. I remember meeting but two men from Jacksonville, Prof. R. C. Crampton of Illinois college and John W. King.

W. D. Henry.

GENERAL CONFERENCES OF CIVIC LEAGUES.

The second of a series of conferences of civic leagues to be held throughout the state by the Illinois Equal Suffrage association will meet at Bloomington on Saturday, May 22d in the Library Bldg.

This is a general conference of civic leagues affiliated with the state suffrage association, and the leagues from Eureka, Forrest, Ilwaco, Jacksonville, Joliet, Lexington, Lincoln, Chatsworth, Clinton, Danville, Easton, Mackinaw, Mason City, Normal, Ottawa, Peotone, Pontiac, Streator, Urbana, and surrounding towns will meet in a one-day conference to report the results of the year's work.

Members of the Board of the Illinois Equal Suffrage association will be present and hope to meet the down state members for the purpose of getting better acquainted with the local work and local needs. All women interested in civic work are invited and urged to be present. Mrs. Grace Wilbur Trout, president of the state association, will speak at the afternoon session and report on the general state work on the suffrage situation in the legislature. Mrs. Edward L. Stewart, chairman of the organization committee, will be present and report on the organization work of the state. Prominent club women at Bloomington including the following, Madams, Guy McCurdy, Frank Funk, N. D. McKinney, will act as hostesses.

MISSISSIPPI WEATHER.

Those here interested in Mississippi land will no doubt be glad to note the following, dated Indianapolis, Miss., May 3, from W. W. Moore: "We have had a lot of dry, warm weather, but had a nice rain Friday, and it looks now as if we might get some more. Crop prospects are quite satisfactory since the rain. Before that cotton had been quite slow about coming up in places."

The spring down there had been cold and backward, just as it has been here.

Who's in town?

Mrs. Clarence Vanlanhaning of Mason City is a guest for a few days at the home of her friends, Claude Hamm and family, on Reid street.

AUSTRO-GERMANS CONTINUE UNCHECKED

HAVE ALREADY REACHED THE WISLOKA RIVER

Russ Forces Have Been in Full Retreat Since the Dawn of May 5—Austrians Have Already Captured More Than 50,000.

Vienna, via London, May 6—11:09 p. m.—The strategic achievement of rolling up a hostile battle front by a flanking attack, of which Chancellorsville is one of the few successful examples in modern history, is now in full progress in west Galicia. Favored by continued good weather, mile after mile of the Russian Carpathian front has been rendered untenable by the steady, unchecked Austro-German advance.

Reach Wisloka River.
The Austrian cavalry and infantry followed the Gorlice turpique and have already reached the Wisloka river. The supporting artillery dropped shells on the road from Zmigrod to Jaslo, one of the principal lines of retreat for the Russians in the Dukla region.

The Russian forces have been in full retreat since dawn of May 5th, and are being closely followed by the Austrian Carpathian army, according to official advices reaching here. More than 50,000 prisoners have already been captured by the Austrians in west Galicia.

Field Marshal Van Hoetzendorf's plan is working out with precise regularity with respect to this section of the front. Confidence is expressed by headquarters that the principal portion of the Russian army under General Radko Dimitrieff, which is attempting to defend positions in the Carpathians to the west of Lupkow Pass, cannot make good its retreat.

Bulk of Army in Danger.

Detachments of this army may work their way out, but it is declared that the bulk of the army with the heavy artillery and baggage can scarcely succeed in avoiding capture in view of Field Marshal Von Hoetzendorf's rapid advance through the Gorlice breach in the lines. Progress on the northern half of the front is slower. The Russians are holding desperately to Tarnow and Wal mountain—a fortified crest, 1,500 to 2,000 feet high between the Biala and Dunajec rivers—to

enable them to get great quantities of stores accumulated behind Tarnow away and cover the retirement of the armies to the southward.

The question as to whether the Russians can make a successful stand on the line of the Wisloka river is the important one from the Austro-German military viewpoint. If they cannot the breach in the Russian line is considered complete and the situation for the Russian Carpathian armies would undoubtedly be critical.

Use Heaviest Artillery.
The heaviest artillery was employed in these operations. The 42-centimeter mortars in action were, however, not the noted German guns but of Austrian make. They were designed originally for coast defence purposes but have been found exceedingly valuable for land warfare. They fire projectiles 650 pounds heavier than the German mortar and are understood to be comparatively mobile and quickly set. The effect of these mortars during the artillery preparations for battle is described as overpowering.

Shells from them have reached the supply depots behind Tarnow. The Austrians also are equipped with highly effective smaller howitzers of a new type which were put into the field during the later stage of the war.

CONGREGATIONAL CHURCH BROTHERHOOD.

The regular meeting of the Congregational church brotherhood will be held this evening in the church parlors. Supper at 6:30 with business session to follow when the election of officers will take place. A treat may be expected in a paper to be read by J. P. Lippincott who will tell of his experiences during a recent western tour. A full attendance is especially desired.

RAIN HELPS IN CHINCH BUG FIGHT

Farmers are reporting the appearance of chinch bugs in wheat fields and say the pests seem to have wintered among the grass and weeds along the fence rows and awakened by the warm days have begun to work their way into the grain. It is hoped that the cold rains of the past few days will have some effect in killing the creatures or rendering them less troublesome. Concerted action may do much toward lessening the depredations of this destructive pest.

LAWN MOWERS

Diamond Edge and Pennsylvania at Gay's Reliable Hardware.

COCOANUT OIL MAKES A SPLENDID SHAMPOO

If you want to keep your hair in good condition, the less soap you use the better.

Most soaps and prepared shampoos contain too much alkali. This dries the scalp, makes the hair brittle, and is very harmful. Just plain mulified coconut oil (which is pure and entirely greaseless), is much better than soap or anything else you can use for shampooing, as this can't possibly injure the hair.

Simply moisten your hair with water and rub it in. One or two teaspoonfuls will make an abundance of rich, creamy lather, and cleanses the hair and scalp thoroughly. The lather rinses out easily, and removes every particle of dust, dirt, dandruff and excessive oil. The hair dries quickly and evenly, and it leaves it fine and silky, bright, fluffy and easy to manage.

You can get mulified coconut oil at most any drug store. It is very cheap, and a few ounces is enough to last everyone in the family for months.

PEORIA WOMAN TELLS EXPERIENCE

Mrs. W. L. McClellan, of Peoria, suffered torture from indigestion, gas, belching and other symptoms of stomach trouble. She spent large sums of money for doctors' advice and medicine. Still her condition did not improve. She found relief, wonderful, surprising relief in a drug store window. This is her story, as she tells it: "I suffered so from distention and colicky pains that at times I was completely incapacitated for my household work. I saw a window display of Mayr's Wonderful Remedy and decided to purchase a bottle, which I did. I have taken only one bottle and the results have been really wonderful. I have not had a pain in my stomach since, and let me say that for the first time in many, many months, two days following I have had a natural movement of the bowels. I feel I cannot say enough for the remarkable virtues of your remedy."

Mayr's Wonderful Remedy gives permanent results for stomach, liver and intestinal ailments. Eat as much and whatever you like. No more distress after eating, pressure of gas in the stomach and around the heart. Get one bottle of your druggist now and try it on an absolute guarantee—if not satisfactory money will be returned.

THIS IS THE LARGEST BANK IN MORGAN COUNTY.

It is the only bank in Jacksonville in which the government deposits. We try to please. We give the same attention to small accounts that we do to large ones.

If you are not already a customer you are invited to become one. Ask any of our customers how they like the way we care for their business. We are willing to leave it to them.

Social Activities

Mrs. William Hoagland

Given Birthday Surprise.

Mrs. William Hoagland of Woodson was given a happy birthday surprise Thursday by ladies of the Presbyterian church and a number of friends. Her birthday is next Sunday but the friends did not want to celebrate on that day so set yesterday for the gathering. All assembled at the home of Rev. and Mrs. J. L. Coleman and went in a body to the Hoagland residence with well filled baskets. It was a genuine surprise but Mrs. Hoagland was equal to the occasion and it was indeed a merry company. At the noon hour a splendid dinner was served and the afternoon was spent in a delightful social way, and with music. Mrs. Hoagland was presented a beautiful bouquet of red carnations.

The following were among those present: Mrs. William Rock, Mrs. William Cooper, Mr. and Mrs. J. L. Coleman and children, Jewell, Helen, Mabel, Earl; Mrs. Earl Sorrells and baby, Mrs. Charles Irlam, Mrs. Allen Russell and daughter Elizabeth, Mr. and Mrs. E. J. Baxter, Eva Baxter, Mrs. Farrell and family; Mrs. Charles Taylor and son Wilbur, Mrs. James Adams and daughters Sadie and Pearl, Miss Sadie Irlam, Mrs. George Staples, Miss Emma Smith, Mrs. James Spahnower, Mrs. Nettie Eard and children, Hazel and Harry; Mrs. Stephen Shelton, Mrs. E. J. Sooy and Mrs. William Ricks of Jacksonville, Mr. and Mrs. J. L. Stehmetz and family; Miss Lula Casteen, Miss Nell Craig, Mrs. Rannels, Ray Baxter and Mrs. W. G. Russell.

Was Tendered

Birthday Surprise.

A happy party consisting of about seventeen of the employees of the Illinois School for the Deaf met at the home of Mr. and Mrs. Lee Huff of No. 511 North Webster avenue, Wednesday evening to celebrate the 23d birthday of one of their fellow employees, Elbert C. Brasel. The evening was quickly and pleasantly spent in amusing games interspersed with a number of excellent readings given by Misses Maggie Boston and Mae Carroll.

At the close of the entertainment, elaborate refreshments were served by Mr. and Mrs. Huff assisted by Miss Percy Blevins. Flashlight photographs of the group were made by Messrs. Alfred Anderson and Earl French.

In token of their friendship and esteem, the guests presented Mr. Brasel with a handsome traveling

bag. The guests departed at a late hour after wishing Mr. Brasel many happy returns of the day.

Miss Dorothy Brainer

Entertains Friends.

Miss Dorothy Brainer, 411 South East street, entertained five of her girl friends Tuesday evening at a dinner and slumber party. Games and music were enjoyed until a late hour and all acclaimed the event a most pleasant one.

Miss Wood Honored

At Party Near Pisgah.

Thirty-five friends of Miss Elizabeth Wood spent a pleasant afternoon Wednesday at the home of Mrs. Charles Wood near Pisgah, taking part in music and games for several enjoyable hours. Mrs. Iven Cox and Miss Bernice Wood were the hostesses and the refreshments served were of especially clever design. The favors were white flowers tied in pink and to the guest of honor was given a large bouquet, placed in a crocheted basket. Miss Wood was presented with a beautiful picture, entitled "The Returning of Calvary."

Missionary Society

of First Baptist Church.

The Missionary society of the First Baptist church met Thursday afternoon at the church. Mrs. Percy W. Stephens was the leader of the devotions and Miss Blunt and Mrs. Springer offered opening prayers. Miss Nettie Hayden had charge of the program and told of her visit to the New York missions. Miss Hayden's address was full of thought and meaning. Her experiences there made her story all the more vivid and real. The closing prayer was by Mrs. Coleman.

Parent-Teacher's

Meeting of 4th Ward.

A parent-teacher's meeting was held in the Washington building Thursday afternoon. The attendance was not large on account of the inclement weather. The principal feature of the afternoon aside from the resolutions presented by Mrs. U. G. Woodman was the address by Miss Ella Phillips Crandall, who spoke on the importance of looking after the health not only of school children, but children who had not as yet reached school age. Her address was one of especial interest. The musical numbers of the afternoon consisted of a piano solo by Miss Gladys Wintler and a violin solo by James Yates.

ANNUAL MAY DAY EXERCISES

AT WOMAN'S COLLEGE MONDAY

Program Will Vary from that of Former Years and May Queen Will be Chosen in the Afternoon.

The May Day exercises of the Woman's college will be held Monday afternoon commencing at 2 o'clock. Heretofore the students of the college voted upon who should be May Queen but this year different arrangements have been made. From 18 students have been selected twelve representing the hours of the day and from this number will be chosen the queen. Father time will be represented by LaVina Jones and 1915, by Marie Louise Witbeck. The hours of the day from whom the Queen will be chosen follows:

Dawn—Marie Miller, Edna Robb, Ruth Want.

Day—Irene Crum, Corinne Hughes and Helena Munson.

Evening—Alma Harnel, Ruth Harper and Ruth Taylor.

Night—May Bigger, Feril Hess and Helen McGhee.

Spirit of I. W. C.—Vivian Newman.

Alma Mater—Alma Weser.

Scenario.

Through the bright spring sunshine Father Time slowly advances, accompanied by nineteen fifteen and the four seasons he ascends the throne. Scarcely he has taken his throne, when his twelve lovely daughters, the Hours, come forward and dance before him. Hand in hand the Hours, still dancing, eagerly urge Father Time to choose from among them a Queen of the May. Bewildered by the beauty of all, Father Time cannot choose and leaves the decision to fate. One by one the lovely Hours receive the fateful balls from Father Time. She who fate has chosen in this way, kneels and is crowned by Nineteen Fifteen. The less fortunate sisters rejoice with her and greet her.

As the queen rises and ascends the throne a glorious vision, clad in robes of blue and yellow, advances down the path. Flowers cluster about her and all rejoice at her presence, for she is the Spirit of I. W. C. Following close behind, Pip, a jolly band of sprites, gaily trips along. Slowly and with a sweet dignity Alma Mater advances to the throne. Sending a messenger for her attendant virtues, Alma Mater addresses all. Knowledge enters with firm tread; Faith follows, pointing toward higher things. Service appears, strong in things achieved and yet to be. In breathless silence they stand before the assembly. The spirit of I. W. C. is chosen from them, the one who will be most helpful to her. But she cannot choose alone. The stately figure slowly arises. All eagerly await her words. The following are those in charge: May Day Chairman—Dorothy Stevens.

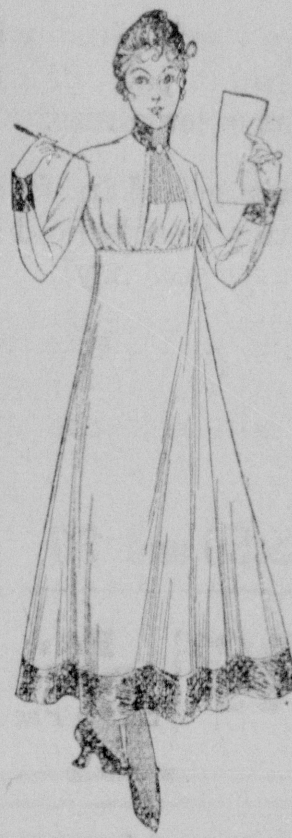

Committee on Arrangements—

EXPOSITION WEEK

Beginning Monday

at 8 a. m., we will inaugurate seven days of fast and furious selling, with rare bargains abounding in each and every section of our busy store. RETURN FROM TELEPHONE CONFERENCE AT CARLINVILLE.

Meeting in Charge of W. S. Vivian of Chicago Proved Very Interesting.

Several of the officers and employees of the Illinois Telephone company attended a very interesting and instructive meeting in Carlinville this week, held under the auspices of the Macoupin County Telephone company and associated interests. Among those in attendance were the following from the local company: W. W. Holliday, general manager; Catherine O'Brien, chief operator; Gethel Moses, county operator.

The meeting was in charge of W. S. Vivian of Chicago, secretary of the Independent Telephone Association of America, and a leading authority on telephone operating methods in the United States. The purpose of the meeting besides that of getting acquainted was to give the operators and other employees such expert instruction as to enable them to do their work with greater efficiency, thus giving to our people an even better service than that now furnished.

All those in attendance speak in the highest terms of the success of the meeting and the hospitality of the local company, whose splendid plant was the admiration of all those in attendance. They were especially pleased with Mr. Vivian and his simple sensible talks and illustrations. More than a hundred persons were registered.

BIG TRACK MEET.

W. F. H. S. L. track meet Friday, May 7th one o'clock. College track.

TO GIVE FIVE SERMONS.

Rev. Walter E. Spooner of North-minster church has outlined five striking sermons for "sinning saints and saintly sinners" for Sunday evenings as follows:

- May 16—The Liars of the Bible.
- May 23—The Choirs of the Bible.
- May 30—The Buyers of the Bible.
- June 6—The Criers of the Bible.
- June 13—The fires of the Bible.

Who's in town?

WEDDING ANNOUNCEMENT.

Cards have been issued announcing the marriage of John Agese Jess, son of Mrs. A. A. Jess and Miss Mary Jane Ridgely, daughter of Mr. and Mrs. Franklin Ridgely, both families of Springfield, the ceremony to take place Thursday morning at 11:30 o'clock May 20 at the First Christian church.

BIRTH RECORD.

Born to Mr. and Mrs. Harold Hembrough of the Ashbury neighborhood an eight pound son. Mrs. Hembrough was formerly Miss Flora Jackson.

MORTUARY

Odiorno.

The Pike County Democrat has the following regarding a former resident of this city:

Miss Emily Odiorno, a former pupil and later a teacher in the Pittsfield public schools, passed away at Exeter, New Hampshire, Thursday, after a few days' illness of pneumonia.

She was the daughter of Eben Odiorno and wife, both of whom are dead, the father having died many years ago. Some twenty-five or thirty years ago the mother and daughter were residents of Quincy, and later moved to Barry, where the brother still lives. Miss Odiorno went east six or eight years ago and for two or three years she was engaged in teaching. She has not taught for several years, however. She was about sixty years of age, and leaves one brother, W. H. Odiorno, of Barry.

Johnson.

Henry Jonson died Tuesday morning at 10 o'clock in Greenfield, at the age of 58 years. He is survived by his wife, one brother Alden Johnson of White Hall, and two sisters, Mrs. Laura Gibbs of Winchester and Mrs. James Rea of Murrayville. Mr. Johnson had been nearly bedfast for the past year. The family formerly resided west of Murrayville and from there moved to Barrows and later to Greenfield.

Davis.

Word has been received of the death of a former Ashland resident, Mrs. Magie Davis in Missouri. She was the victim of a double shooting tragedy enacted last February when James Davis, her divorced husband, fired two shots into her brain and then turned the weapon upon himself with fatal results. Mrs. Davis never regained her speech since the shooting so the cause of the tragedy will never be known.

De Fratis.

John F. De Fratis died at the family home on East Miller street in Springfield at 4:15 o'clock Wednesday morning from the effects of a stroke of paralysis of two weeks duration. Mr. De Fratis was born on the island of Madeira, Dec. 17, 1846, and at the time of his death he had attained the age of 68 years, 4 months and 18 days. He came with his parents, Mr. and Mrs. John De Fratis to America in 1849 and was with the colony which settled in Morgan county and where the deceased made his home until he was fifteen years of age when he went to Springfield where he has since resided.

At the age of sixteen years he enlisted in Company D, 143d Regiment Illinois Volunteer Infantry and served during the civil war until he was honorably discharged because of failing health. On Dec. 23, 1869

he was united in marriage to Miss Mary Mount Garden, daughter of Mr. and Mrs. J. M. Garden of Springfield. He is survived by his wife, three sons and one daughter: Benjamin of DeKalb, Louis of Canton, and John De Fratis and Mrs. W. Todd Gomes, both of Springfield. He also leaves to mourn his death his brothers Joseph A. and Philip De Fratis, and his sister, Mrs. Manuel De Fratis, all of Springfield; his sister, Mrs. Joseph Vieira, of Jacksonville, and four grand children.

Mr. De Fratis was a consistent member of the Fourth Presbyterian church in his home city and was a man who had a large circle of friends who will miss his passing away. He was a member of the local camp 872 M. W. A. in Springfield.

Funeral arrangements await word from relatives.

Menze's Plow shoes at Hoppers'.

A RARE DRAMATIC TREAT TONIGHT.

The Strong Drama, "Pride and Prejudice" to Be Presented by the High School.

This evening in the Grand opera house the high school seniors will present the stirring drama, "Pride and Prejudice," with a strong cast of twenty talented performers. The young people have been drilling for several weeks under capable leadership and the affair may well be entitled the greatest of amateur performances.

One thing may truthfully be said regarding such entertainments when they are given by such capable people as we have in this city. The actors are free from the mechanical actions of the professional individual and there are freshness and vigor not to be found in the regular performance. The cast this evening will comprise some strong performers and talented as well and every effort will be made to score a complete success.

POST OFFICE CLERKS IN STATE MEETING HERE

Local Post Office employees are making preparations for the State meeting of the United National Order of Post Office clerks which will be held here May 31 and June 1. It is expected to have at that time several sessions opened to the public and a number of prominent speakers among them Congressman Maiden of the Post Office and Post Roads committee. It is also expected to furnish means for a sight seeing trip of Jacksonville and other entertainment will be provided for the visitors.

J. H. S. SENIOR PLAY. Opera house, May 7th, 8 o'clock.

RAIN OR SHINE; MEET WILL BE HELD

MANAGEMENT MAKES AN- NOUNCEMENT LAST NIGHT.

Everything in Readiness for 17th Annual Athletic Contest of the Western Illinois High School League—Declamation Contest in Morning.

The management announced last night that despite the inclement weather the annual meet of the Western Illinois High school league would take place this afternoon at 1:30 on Illinois field. The weather man forecasts colder weather which may materially aid in checking the rain by the afternoon. The cinder track at Illinois college will be an advantage, but its wetness will prevent fast time being made in the various events. A great many expected to come in automobiles but at train connections are good for most of the schools entered the athletes and rooters will be forced to come via railroad. The schools contesting are Ashland, Beardstown, Greenville, Jacksonville, Petersburg, Pittsfield, Tallula, Virginia, White Hall and Winchester.

Declamation Contest. The declamation contest will be held in the David Prince school this morning at 10 o'clock and the judges will be L. R. Sarett, E. Jackson Shurtz, Decatur; Miss Louise Griswold, Springfield.

The program follows: "Inja"—Eloa Lundberg; "The Gongs of the White Swan"—Sylvia Whitlock. "O'le Mississ"—Elmore Gailey. "As the Moon Rose"—Lucy Wetzel. "The Master's Violin"—Mildred Sowers. "Her First Appearance"—Helen Barney. "Mary's Night Ride"—Lucile Kirby. "The Soul of the Violin"—Bessie Martin. "Little Gentleman"—Nylene Prow. It. "How the LaRue Stakes Were Won"—Mary Jane Tureman.

Auto washing at Cherry's livery. Our prices are reasonable.

MEREDOSIA

Mrs. J. E. Hall and two children returned home Wednesday evening from a visit with her parents in Jacksonville.

Mr. and Mrs. Ira Miller are the proud parents of a baby girl which arrived at their home Tuesday.

Misses Freida Unland and Ina Bowling were Jacksonville shoppers Wednesday.

William Kingery, of Pittsfield, is visiting his daughter, Mrs. J. P. Kaur in this city.

A subscription has been circulated among our citizens for the purpose of raising necessary funds for oiling our streets. The oil has arrived and the work of distribution began Wednesday.

Elder J. C. Roedy and wife, of Hamburg are visiting friends here and Mr. Roedy is preaching some fine sermons at the Church of Christ during his stay.

W. T. Hedenberg and Charles Thomason motored to Arenzville, Concord and Chapin Wednesday afternoon.

Joe Ballard purchased a lot in Lake View addition and has moved a small house on it and will occupy it.

At the home of Mrs. Carrie Christianer Wednesday, May 12, from 2:30 to 5 o'clock p. m. the W. C. T. U. and W. F. M. S. will hold a combined meeting. The following program will be given:

Devotions—Mrs. S. A. McIntosh. Music. Business. Paper—Mrs. W. G. Looman. Music. Reading—Mrs. Carrie Christianer.

Mystery Box—April and March. The social hour will be in charge of Mesdames Lake, Depp, Yeckel, Thomason, Butcher and Christianer. A meeting of the newly elected township high school board of education was held at the high school building Tuesday evening and A. E. Ritscher, chosen for president and J. H. Looman, secretary. Another meeting will be held Friday evening to transact further business in connection with the proposition of building.

The McWilliams Dredge Co., have completed their contract for the Brown and Pike counties Drainage Company and are taking their boat a part preparatory to moving it to the southeastern part of Missouri, where they have another large contract. They have been here since last September.

Quite a number of our young people have been attending the skating rink at Chapin.

Miss Nellie Waldo is suffering with a sprained ankle but is slowly improving.

Mrs. Ben Frank and son returned to their home in Bushnell Friday morning. Mrs. Frank was called here about two weeks ago by the serious illness of her father, George Beauchamp. Mr. Beauchamp is still very ill with but little hopes of recovery.

Mr. and Mrs. Harry Harbert and baby of Shelbyville, Mo., arrived Thursday evening for a visit with their parents, Mr. and Mrs. Ike Harbert and Mr. and Mrs. Charles Bollard. They were accompanied by Francis Harbert, who has been visiting them at Shelbyville.

Late spring rains make mud. Have your auto washed at Cherry's.
